(801) 960-0440

Highly motivated and results-driven software engineer with a strong aptitude for communication, collaboration, and leadership. Seeking a challenging role where I can collaborate with a team to find creative solutions for interesting problems.

WORK EXPERIENCE

Domo

Software Engineer

December 2021 – Current

- Utilize ReactJS, Javascript, and MongoDB to develop custom applications for Domo clients and Domo.
- Develop and implement efficient and effective software solutions using best practices in front-end development.
- Collaborate with a team of engineers to provide the best solution for each project including unique challenges to each project.
- Conduct testing and troubleshooting to ensure the functionality, performance, and stability of each custom application.
- Consume Domo APIs leveraging the power of the Domo platform.

AlphaWarrantyServices

Full Stack Software Developer

August 2021 – November 2021

- Developed visually appealing and responsive user interfaces using Angular and Typescript, resulting in improved user experience and increased customer satisfaction.
- Implemented efficient C# controllers and api endpoints that interacted with a Microsoft SQL Server database.
- Managed multiple tickets, including user stories for new features and bug tickets, throughout a sprint cycle, ensuring timely delivery of high-quality features and bug fixes to customers.

IonRev Technologies

Full Stack Software Developer

Summer 2020 & Summer 2021

- Built a highly-configurable setup wizard using VueJS and typescript.
- Demonstrated proficiency in Git by effectively managing branches in GitLab, resulting in streamlined collaboration and more efficient project workflows.
- Actively participate in weekly sprint planning and code reviews to help ensure project milestones were met on time, and to promote effective team communication and collaboration.

Vivint Smart Home

Manager, Business Analytics

June 2017 - May 2018

Assistant Manager, Business Analytics

Feb 2016 – June 2017

- Leverage excellent communication skills to successfully manage multiple projects simultaneously, effectively prioritizing and delegating work to ensure all deadlines were met.
- Fostered a strong team culture by leading from the front and building relationships among team members, resulting in improved team morale, productivity, and collaboration.
